

FREE Lecture Series

The Fourth Monday of the Month

THE PRODUCE CLUB

Fruits & Veggies Much Less than Grocery Prices!

Monday, March 27, 2017, 7pm

Woodbury Public Library

33 Delaware St, Woodbury, NJ 08096 • 856-845-2611

The Produce Club is a community effort to pool resources to buy deeply discounted groceries. It offers the same quality as grocery as well as odd lot or slightly marked produce, all for much less. This allows everyone to have access to organics. The benefits of joining include: convenience, affordability, environmentalism, flexibility, and sense of community. The Club is open in the Greater Philadelphia region.

The lecture is presented by **Alan Ritter**, manager of the Produce Club. Alan was trained as a chemist at the University of Pennsylvania, and is now involved in a specialized field of social function: foodsecurity.
